Afterword

Thank you for picking up Onimai! volume three! How did you like the lively yet peaceful middle school arc? It seems Mahiro-chan has finally gotten used to his new life as a middle schooler. Will he ever be able to return to his old way of life? Does he even want to?! Please look forward to the next chapter of my laid back little gender-bender story!

Thanks to your support, we've just completed a second independently produced drama album! We even convinced Mahiro's voice actress to sing a character song for him, so it's a truly deluxe product! You can pick it up now from certain specialty stores or most online retailers! [Drama album available in Japan only.]

We're still selling the self-published issues, too!
